GitLab	gitlab.com/n.lychenkov

## EDUCATION

### Metalamp — frontend program

**URL:** [metalamp.io/education](https://metalamp.io/education)  
2022 — 2023

### Academ IT School — online classes in manual testing

2021

## ADDITIONAL INFO

I'm ready to relocate to another place if it's needed as soon as possible, so my timezone isn't much different or if there's no remote work option

Seeking for interesting and challenging projects to work on with a frontend team of passionate devs :)
